

# LUMEN Homepage

LUMEN is the main content delivery site for SSOM courses and clerkships. The site is organized by year, with courses/clerkship homepages listed below the appropriate year.

## Course Activities

Select Course Activities to the right of any course name to see a list of lectures and small group sessions for the course and access the associated materials: PDF, PPS, Obj, Handout, CAI, and Video/Audio fields. When you are on campus, non-video files will open without a login. When you are off campus, a login is required to access files. Lecture videos recorded on campus will always require your LUC credentials.

Use the links above the list of sessions to access materials from previous academic years.
